

To whom it may concern-I am very concerned about the NAB petition that proposes to stop XM from providing XM Instant Traffic & Weather. This service is tremendously beneficial to the community, and it is a service that is not provided elsewhere. We need to support XM Satellite Radio in the spirit of competition and free market opportunity, and to limit this would be unAmerican. Please do not allow the lobbyists for the NAB to trample our avenues of information and interfere with the free speech rights of those who operate XM Satellite Radio. Thank you. Shelly Avery
